Samuel McKay

TO: STUDENT BODY
FROM: PRINCIPAL'S OFFICE
DATE: APRIL 3, 1975

Dear Students:

We have enjoyed many moments this school year. Even though we may feel that we can still make progress and improvements, many new ideas and plans have been carried out this year. We must continue to look to the student body for their loyalty, support and love their school in order to reach our ultimate dream.

Our curriculum was broadened this year to reach more students on all levels. Certainly, we cannot overlook the heights that we reached in our Athletic Program this year - To all of those persons who worked so hard this year and went that extra mile, you have our heart felt thanks.

Let's keep up the good work and look forward to a more successful school year in 1975-1976.

Your Principal,

Samuel McKay

HOMECOMING PARADE SCENES

Athletics

ace bandages and pulled muscles - late practice, early practice, - "one more lap around the field" - sweat running down aching backs - "ten more push-ups and we'll call it a day" - and then, the first game - feeling a few butterflies - watching the cheerleaders go crazy on the sidelines - off the bench at last - just turn us loose! - singing the national anthem - last minute instructions from the coach - now go! - - -

EDITOR'S MESSAGE

We, the members of the 1975 Charger Staff, have selected the theme "Getting It All Together" to let you, the student body, faculty, and administration know that this year has proven to be a "together one" for many reasons.

First, we've got a "together" basketball team that brought us the honor of being Second Place in the Top Twenty Tournament.

Second, our football team had a much-improved season this year and won many of our games.

Third, we've had a facelifting here at Peabody. There have been many improvements made: air-conditioning in the lunchroom, a new science wing, a new gym and stadium, and several other places have been updated.

For most of us, getting it together means we've come from rags to riches to achieve what we want out of life. We've learned many things, and grown in many ways. We've put everything together to make us concerned for our fellowman, aware of social injustice, and capable of meeting the world head-on.

Last, but not least, Seniors, I say to you as young adults rising in today's society, "We've come a long way to get where we are today."

Wilma Lawson

We finally "got the yearbook all together"
